

SnowyKim New York HR Information Access Policy

Effective Date: July 2026

Classification: Internal

1. Purpose

This policy establishes how confidential HR information is accessed within the New York office. New York HR operations use a decentralized model where HR Staff support assigned departments and employees.

2. Scope

This policy applies to employees assigned to this office location. Access decisions are based on the employee access roles used by SnowyKim: employee, manager, hr_staff, hr_admin, it_admin, and executive.

3. Guiding Principles

- Access is granted on a least-privilege basis.
- Business need is required before viewing confidential HR information.
- Technical system access does not imply permission to read HR content.
- Access requests with unclear authority are denied until reviewed by HR Admin.

4. Information Access Matrix

Information Category	Employee	Manager	HR Staff	HR Admin	IT Admin	Executive
Compensation Records	Own Only	Own Only	Own Only	All	No	Own Only
Benefits Enrollment	Own Only	Own Only	Own Only	All	No	Own Only
Personnel Files	Own Only	No	Assigned Employees	No	No	Own Only
Workplace Policies	Yes	Yes	Yes	Yes	Yes	Yes
Investigation Records	No	No	Assigned Cases	All	No	Summary Only
HR Analytics	No	No	Department Only	All	No	Yes
IT Documentation	No	No	No	No	Yes	No

5. Office-Specific Standards

Benefits Administration

Employees primarily manage benefits through self-service. HR Staff may only assist employees assigned to their workload.

Executive Access

Executives may receive investigation summaries after cases are closed but cannot access witness statements or interview notes.

Personnel Files

HR Staff may only access personnel files for employees assigned to their HR portfolio.

Retention

Investigation records are retained for 5 years. Department-level HR analytics are available to HR Staff.

6. Enforcement

Unauthorized access to confidential HR information may result in removal of system access, disciplinary action, or termination. All access activity may be audited.
