This guide summarizes the benefits generally available to eligible employees. It does not replace official insurance policies, plan documents, or employment agreements. If information in this guide conflicts with an official plan document, the official plan document controls.

Employees may contact the Human Resources team at hr@snowykim-demo.com with questions.

2. Benefits Eligibility

Regular full-time employees scheduled to work at least 30 hours per week are generally eligible for SnowyKim benefits.

Most benefits begin on the first day of the month following the employee's start date.

Eligible dependents may include:

- A legal spouse
- A registered domestic partner
- Biological, adopted, or stepchildren
- Eligible dependent children under age 26

Temporary employees, independent contractors, and interns may not be eligible for all benefits unless otherwise stated in their offer letter or employment agreement.

3. Enrollment

New employees must complete benefits enrollment within 30 calendar days of their eligibility date.

Employees who do not enroll during the initial enrollment period may need to wait until the next annual open enrollment period unless they experience a qualifying life event.

Qualifying life events may include:

- Marriage or divorce
- Birth or adoption of a child
- Loss of other health coverage
- A spouse or domestic partner gaining or losing coverage
- A change in employment status affecting eligibility

Employees must generally request benefit changes within 30 days of the qualifying life event.

4. Medical Insurance

SnowyKim offers multiple medical plan options through a fictional benefits provider for demonstration purposes.

Employees may choose from:

Standard PPO Plan

The Standard PPO Plan provides access to a broad network of healthcare providers. Employees may visit both in-network and out-of-network providers, although out-of-network services generally cost more.

High-Deductible Health Plan

The High-Deductible Health Plan has a lower monthly premium and a higher annual deductible. Eligible employees may also contribute to a Health Savings Account.

HMO Plan

The HMO Plan requires employees to select a primary care physician and generally obtain referrals for specialist care. Except in emergencies, care must usually be received within the HMO network.

Medical plans may cover:

- Preventive care
- Primary and specialist visits
- Hospital services
- Urgent and emergency care
- Prescription medications

Covered services may include:
